

FREEMASONRY UNDER THE NAZI THIRD REICH

Masters of Lodges and Brethren All,
Are you looking for a powerful and meaningful meeting program that brings historical light to our global fraternity? We would very much like to share our research focused presentation on the loss of over 60,000 Freemasons during the Nazi Third Reich years.

Through slides, historical photographs, and discussion, the causes leading to this tragedy will unfold. Discover how Liberté Chérié Masonic Lodge ascended from the core of a Nazi detention camp in 1943.

There is no charge for this forty-five-minute presentation, however, we ask that your lodge make a financial contribution of your choice to Wantagh Morton Charity Fund.

Presenter: W.: Dutch Heuser
